Norges Motorsportforbund

Invitation to the Nordic Championship nitro Onroad 4-6. August 2023

Classes:

1:8 IC nitro onroad (EFRA)

1:10 IC nitro touring 200mm (EFRA)

About Hverven Raceway:

The track is 250 meters long and runs counter clockwise. Sweeping fast corners, smooth asphalt and normal tire wear. 12 seconds laptimes give fast and exciting races.

Lap record: 11:86 Niklas Johansson 2013.

Possibility for camping. Pit-tables for 80 drivers (expandable if needed). Air compressor. Kiosk. Lunch will be served at OMS cafeteria.

More info and pictures: www.oslomodellbilklubb.no

Requirements for attendance:

All drivers must have a valid license from their National Federation.

Entry Fee: NOK 500

Timekeeping:

AMBit, RCM software. We run a RC3-system compatible with RC4 hybrid transponers (and old type transponders). RC4 transponders will not work.

Practice, Qualification and Finals:

Free practice heats, timed practice with re-seeding

Round by round qualification, 4 minutes rounds and time.

20 minutes sub-finals

45 minutes main finals

Rules:

The race will be run with EFRA rules. Exception: 2 drivers directly to A-main.

Tires:

Free tires. No additives allowed.

Free practice:

The track will be open 16:00 – 21:00 wednesday and 10:00 – 21:00 thursday for open practice divided in classes.

Provisional schedule:

Friday: Free practice in heats, timed practice with re-seeding

Saturday: Qualification, lower finals

Sunday: Semi, main finals

Heats and full timetable will be posted on www.myrcm.ch

Registration:

Register by 18:00 26th of July on www.myrcm.ch
